EDUCATION

The Ohio State University, Max M. Fisher College of Business

Bachelor of Science in Business Administration

- **Specialization:** Finance | **Minor:** Computer Science
- **Academic Awards:** 2x Dean's List (Fall '24, Spring '25)

Columbus, OH

May 2028

GPA: 3.825/4.00

Avon High School

Summa Cum Laude

Avon, OH

August 2020 – May 2024

WORK EXPERIENCE

Carver Financial Services

Quant/Automation Intern

Mentor, OH

April 2025 – August 2025

- Built an agentic RAG chatbot with LangChain and Supabase for the firm's website, enabling clients to get instant answers and resources
- Developed and backtested quant models in Python, including a Black-Litterman allocation model and a delta-neutral hedge, to explore potential alpha strategies with the investment board
- Built and customized Salesforce backend architecture and workflow automations, streamlining advisor efficiency and improving data visibility across the firm
- Designed and launched *BarWhisperer*, a mobile app for silent drink ordering, published on the iOS App Store.

Adhra | Social Media Marketing Agency

Co-Founder

Avon, OH

May 2023 – July 2024

- Co-founded and scaled a digital marketing agency that drove client growth through paid Meta ads and Google SEO, later transitioned exclusively to e-commerce marketing with TikTok ads and UGC; acquired in 2024
- Achieved 4–6× average ROAS (return on ad spend) across Meta and TikTok campaigns for e-commerce clients

The Ohio State University

Researcher, College of Computer Science & Engineering

Columbus, OH

September 2025- Present

- Leading the eye-tracking stream of a multimodal research project to improve programming efficiency
- Developing an IDE prototype that uses NLP to classify compilation errors and generate real-time feedback, in collaboration with peers integrating keystroke/clickstream and multimodal LLM data

Liquidity Inducement Model Development

Individual Project

Avon, OH

January 2023

- Designed a TradingView-based liquidity-tracking model inspired by ICT principles, integrating order-flow analysis and price-action forecasting to identify high-probability market behaviors and enhance strategy execution

ACTIVITIES & LEADERSHIP

Business Builders Founding Cohort

Member

Columbus, OH

January 2025 – Present

- Selected as 1 of 45 members (from 200+ applicants) for the inaugural Business Builders Cohort, focused on evaluating and prototyping startup ideas

Artificial Intelligence Club

Member

Columbus, OH

August 2025 – Present

- Collaborating with peers on computer vision projects applying image recognition techniques to real-world datasets

Goldman Sachs Engineering Possibilities Summit

Participant

Remote

January 2025 – Present

- Selected for a year-long summit with workshops led by Goldman Sachs professionals, gaining exposure to career paths in business, engineering, and finance

European Innovation Academy

Participant/Fisher Global Grant Scholarship Recipient

Porto, Portugal

July 2025 – August 2025

- Selected as the first Ohio State student to attend, through a competitive application and grant process
- Co-founded and launched *BreathTrck*, a mobile respiratory monitoring and coaching app that used a phone's accelerometer, gyroscope, and microphone to track breathing within ± 1 breath/min
- Built a functional iOS alpha (TestFlight) and generated 126 waitlist signups during the program
